Private Mountain Retreat on 3+ Wooded Acres Tucked into 3.06 private, wooded acres, this renovated 4,000+ sq ft wood, stone, and log home is built for light, privacy, and self-sufficiency. Vaulted ceilings and walls of south-facing windows fill the living spaces with sunshine year-round and frame winter views through the trees. All three bedrooms are ensuite, giving everyone their own retreat. Step outside to the covered porch for magical evenings, or soak in the private outdoor spa under the trees. A fenced garden and dog run make this an ideal setup for gardeners and pet lovers, and the dog kennel adds even more flexibility for animals. Peace of mind comes standard: a solar array with backup batteries, a backup generator, fresh well water, and underground utilities keep the home running smoothly in any season. Despite the secluded setting, commercial amenities are just 3.5 miles away. Rustic character, thoughtful updates throughout, and room to breathe. This one is a rare find.
